

BRADEN MIDDLE SCHOOL

2022-2023

Student/Parent Handbook

UPDATED AUGUST 17, 2022

Welcome to Braden Middle School! We wish you success and enjoyment here as you pursue another goal in life. The purpose of this booklet is to provide information which serves as a guide in providing facts about school rules, regulations, policies, programs and services. Both students and parents are urged to read all information so misunderstanding may be avoided. Obviously not everything can be covered in this document. Students are urged to ask teachers, counselors and administration for clarification. The best intentions of any document are meaningless unless people make it work. Acceptance by all students is needed in order to make Braden a better environment in which to learn. All of us, students and faculty, are proud of Braden. A sincere effort by each will assure continued success.

EQUAL EDUCATION OPPORTUNITY

The Buckeye Local School District provides an educational opportunity for all students.

Any person who believes that he/she has been discriminated against on the basis of his/her race, color, disability, religion, gender, or national origin while at school or a school activity should immediately contact the school district's compliance officer:

Superintendent 440-998-4411

Complaints will be investigated in accordance with the procedures described in Administrative Guideline #2260 found at **www.buckeyeschools.info**. Any student making a complaint or participating in a school investigation will be protected from retaliation. The compliance officer can provide additional information concerning equal access to educational opportunity.

INDIVIDUALS WITH DISABILITIES

The Americans with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act provide that no individual will be discriminated against on the basis of a disability. This protection applies not just to the student, but to all individuals who have access to the district's programs and facilities.

A student can access special education services through the proper procedures. Parent involvement in this procedure is important and required by federal (IDEA) and state law. Contact Special Education Supervisor to inquire about evaluation procedures and programs

PARENTS RIGHT TO KNOW

The Buckeye Local Schools wishes to notify all parents in all buildings that they may request information regarding the professional qualifications of their children's classroom teachers:

- If the teacher has met state qualifications and licensing criteria for the grade level and subject area taught;
- If the teacher is teaching under emergency or temporary status in which state qualifications or licensing criteria are waived;
- The teacher's baccalaureate degree major, graduate certification and field of discipline;
- Whether the student is provided services by a paraprofessional and if so, their qualifications.

The district also provides the following notifications to parents of students in Title I schools as necessary:

- Timely notice that the student has been assigned to be taught, or has been taught for four or more consecutive weeks by a teacher who is not “highly qualified”;
- Information on the level of achievement of the student in each of the state’s academic assessments.

The district also provides parents with the option to be informed prior to any application of a pesticide made to school property during the school year. In certain emergencies, pesticides may be applied without prior notice to prevent injury to students and staff, but you will be notified following any such application. Prior Notification of Pesticide application request forms will be available in the beginning of the year packet provided to students.

STUDENT RESPONSIBILITIES

The school’s rules and procedures are designed to allow students to be educated in a safe and orderly environment. All students are expected to follow staff members’ directions and to obey all school rules.

- Student safety is the responsibility of both students and staff. All staff members are familiar with emergency procedures such as fire, tornado, safety drills and accident reporting procedures. If a student is aware of any dangerous situation or accident, he/she must notify a staff person immediately.
- State law requires that all students have an emergency medical authorization completed and signed by a parent or guardian on file.
- Students with specific health care needs should deliver written notice about such needs, along with physician documentation, to the school office.

ENROLLING IN THE SCHOOL

In general, state law requires students to enroll in the school district in which their parent or legal guardian resides unless enrolling under the district’s open enrollment policy. New students under the age of 18 must be enrolled by their parents or legal guardians. When enrolling, parents must provide copies of the following:

- A birth certificate or similar document
- Court papers allocating parental rights and responsibilities, or custody (if appropriate)
- Driver’s license
- Proof of residency, i.e. utility bills (water, electric, gas, landline phone)
- Proof of immunizations

A student who has been suspended or expelled by another public school in Ohio may be temporarily denied admission to the district’s schools during the period of suspension or expulsion even if that student would otherwise be entitled to attend school in the district. Likewise, a student who has been expelled or otherwise removed for disciplinary purposes from a public school in another state and the period of expulsion or removal has not yet expired, may be temporarily denied admission to the district’s schools during the period of expulsion or removal until the expiration of the period of expulsion or removal which the student would have received in the district had the student committed the offense while enrolled in the district.

WITHDRAWING FROM SCHOOL

The school counseling office must be notified if a student intends to withdraw from school. The student will be given an official withdrawal form to be signed by each of his/her teachers (and the librarian and athletic director), which will show that all books/materials/equipment/uniforms have been returned and fees paid. Parents/guardians signature is required on the withdrawal form. No transcripts/records will be released until all obligations are fulfilled.

SCHOOL DAY SCHEDULE

Classes are in session from 7:22 a.m. to 2:05 p.m. Students are required to be in school on time for their first class. Students may not leave during the school day without permission from the main office.

www.buckeyeschools.info

SCHOOL ASSIGNED TEXTBOOKS / MATERIALS

- Each student is responsible for books issued and will be required to pay for any books damaged, lost or stolen. For one's own protection, each student should put his/her name in the front of each book and keep a list of book numbers issued to him/her.
- If a student withdraws from school, it is his/her responsibility to return these books to the teachers who issued them. No grades/transcripts/records will be forwarded for a withdrawn student until all obligations to Braden Middle School are met.

School assigned books or other materials, whether lost or stolen, remain the responsibility of the student to whom the book or material was originally assigned to.

ATTENDANCE

The Buckeye Local Board of Education believes that regular attendance leads to high academic achievement. Class attendance is the primary responsibility of the student and parents or guardian.

The statute governing school attendance in Ohio is specific and leaves little option for school authorities to excuse children from school. The following constitute reasons for excused absences from school.

1. **Personal illness.** On the third consecutive day a physician's certificate will be required. Medical documents must be submitted within the grading period of the absence.
2. **Illness in the family.** This absence condition applies to students in grades 9-12; verified by medical documentation.
3. **Quarantine of the home** by proper health officials.
4. **Death of a relative.** The absence arising from this condition is limited to a period of three days unless a reasonable cause may be shown by the applicant child for a longer absence.
5. **Students needed at home due to absence of parent/guardian.** Any absence arising because of this condition shall not extend for a period longer than that for which the parent/guardian was absent.
6. **Observation of religious holidays** consistent with the student's creed or belief.
7. **Emergency.** Any emergency or set of circumstances which in the judgment of the administration constitutes a good and sufficient cause for absence from school.
8. **Physician-documented appointment.**
9. **Court-documented appointment.**
10. **College visitation/armed services testing** (limited to juniors and seniors, two days per year, college or military documented).
11. **Family vacation.** When parents request the absence of a student for family vacation (with immediate family; may include hunting), such absence will be considered excused. A written request for absence must be made at least one week prior to leaving. A student excused under this provision is responsible for obtaining his/her assignments prior to leaving and submitting the completed work no later than two days after returning unless arrangements have been made with the teacher. When parents take a student out of school without prior arrangement, the absence will be considered unexcused.
12. **A school-sponsored activity**, i.e. field trips, athletic contests, assemblies, student government, service project, or school-sponsored extracurricular activities will not be counted in a student's absence total. However, the student must acquire teacher permission and arrange to the teacher's satisfaction for make-up work prior to being excused. Students will not be excused unless prior arrangements have been made and the administrative office has been properly informed.

Examples of unexcused absences include, but are not limited to, the following: (1) missing the bus; (2) no transportation or breakdown of transportation; (3) over-sleeping; (4) cosmetics appointments (permanent, haircut, tanning, etc.); (5) non-family babysitting; (6) job interview; (7) family vacation (no prior notification to school); (8) student portraits; (9) private driver education/driver test; (11) work.

- Students may be cited to juvenile court if absences exceed the number of hours determined as truant. This may include medical excused absences.

Truancy: A student will be considered habitually truant if the student is absent without a legitimate excuse for 30 or more consecutive school hours, 42 or more hours in one school month, or 72 or more hours in a school year.

In order to address the attendance practices of a student who is habitually truant, the Board authorizes the Superintendent to take any of the following intervention actions:

- Assign the student to a truancy intervention program
- Provide counseling to the student
- Request or require the student's parent to attend a parental involvement program
- Request or require a parent to attend a truancy prevention mediation program
- Notify the Registrar of Motor Vehicles of the student's absences
- Take appropriate legal action
- Assignment to an alternative school

ABSENCE PROCEDURES

On each morning of an absence, the student's parent or guardian must telephone the school **ATTENDANCE LINE 440-990-3125** between 6AM and 9AM and give a reason for the child's absence. If a call is not received, a written excuse stating the reason for the absence must be given by the parent/guardian upon the student's return to school. If a call is not made the day of the absence, the school will call and/or send a postcard or the Resource Officer. Parents/guardians may receive a call at work when a student is absent and no reason has been given for the student's absence. **Note:** A student arriving at school after 7:22 a.m. will be considered tardy.

MAKE-UP WORK

Students who are absent from school with a valid excuse shall be given the opportunity to make up missed work.

- The student should contact his/her teacher as soon as possible to obtain assignments.
- The number of days for completion of make-up work will be equivalent to the number of excused days of absence.
- If a student misses a teacher's test due to an excused absence, he/she should make arrangements with the teacher to take the test at another time.

EARLY DISMISSALS

Appointments with the doctor, dentist, etc. should not ordinarily be made during school time. In case of necessity, however, the student must bring a note signed by the parent/guardian to the attendance window outside the main office prior to the start of school stating the date, time and reason it will be necessary for him/her to leave school. Upon returning from the appointment, a dated note from the doctor's office must be presented in the main office in order to gain an excused pass. If a note is not presented, an unexcused absence will be given and appropriate disciplinary action may be taken.

EMERGENCY MEDICAL AUTHORIZATION

A complete Emergency Medical Authorization Form must be on file to attend school. A complete Medical Authorization Form must also be on file with the coach / advisor in order for a student to participate in any activity off school grounds, including field trips, spectator trips, athletic and other extracurricular activities.

IMMUNIZATIONS

Students must be current with all immunizations required by law or have an authorized waiver from state immunization requirements. For the safety of all students, the school principal may remove a student from school or establish a deadline for meeting state requirements if a student does not have the necessary immunization or authorized waiver. Any questions about immunizations or waivers should be directed to the building principal.

STUDENT MEDICATION

Only the school nurse or the principal's designee will administer medication to students during school hours when the parent cannot be at school to administer the medication, in compliance with the following regulations.

Written instructions signed by both the parent/guardian and physician are required, including the child's name and address, the school in which the child is enrolled, name and purpose of the medication, time and dosage to be administered, beginning and ending dates to be administered; notation of any severe or adverse reactions that should be reported to the physician, including telephone numbers where he/she can be reached in an emergency; special instructions (storage, sterile conditions).

Forms can be found on the district website. Search for form 533of1-f4.

STUDENT ILLNESS OR INJURY

The school nurse's schedule is posted on the clinic door. Students should have a pass signed by the teacher of the class he/she is missing before reporting to the clinic. Ill students referred to the clinic when the nurse is not available must report to the main office. If a student becomes ill in class, teacher designee should accompany the student to the clinic or main office. Hall passes are necessary except in cases which are considered emergencies in nature.

Students who are ill must report to the clinic or main office. Being in the restroom because of illness will not be accepted as permission for being out of class. Do not, under any circumstances, try to go home alone. The nurse or office will notify parents/guardians to make arrangements for transportation home. Since parents/guardians are not always accessible, the information on the student emergency card will be used to contact a responsible person or the student's doctor when a parent/guardian cannot be located. Therefore, this information must be listed on the emergency card and kept current.

BLOOD-BORNE PATHOGENS

The school district seeks to provide a safe educational environment for students and takes appropriate measures to protect those students who may be exposed to blood-borne pathogens in the school environment and/or during their participation in school-related activities.

Whenever a student has contact with blood or other potentially infectious material, he/she must immediately notify his/her teacher, who will contact the main office/nurse and assist the student in completing the requisite documents.

The parents of a student who is exposed will be contacted immediately regarding the exposure and encouraged to have the student's blood tested for Hepatitis B and HIV either by his/her physician or health service.

STUDENT INSURANCE

The school does not purchase insurance coverage for students. Enrollment information for Student Accident Insurance will be handed out early in the school year. Remember, student-purchased insurance operates only if the injury is reported immediately after it occurs.

SAFETY AND SECURITY

- All visitors must report to the office when they arrive at school.
- All visitors are given and required to wear a building pass while they are in the building.
- As many unneeded outside doors as possible are locked during the school day.
- Portions of the building that will not be needed after the regular school days are closed off.

FIRE DRILLS

Whenever the fire alarm rings students should go promptly to the proper exit as posted and as directed by the teacher. All should be quiet so that any instructions which are necessary may be easily heard. Go quickly, but safely, in single file - no running and no talking. During the drill students are expected to remain orderly and to follow the directions of teachers and administrators.

TORNADO DRILLS

Specific locations on the ground floor of the building are posted in each classroom as the assigned area for each class to report to during tornado drills/alerts. Students are to kneel against the wall as shown on the diagrammed instructions when they are requested to do so and follow the directions of teachers.

SCHOOL SAFETY DRILLS

School safety drills shall be conducted at least three times during the school year to provide students with instruction in procedures to follow in situations where students must be secured in the school building or rapidly evacuated in response to a threat to the school.

ACADEMIC PROGRESS

Grading Procedures/Grade Reporting

1. Report cards are issued at the end of each grade period. Each student is expected to take his/her report card home for examination by parents/guardians. If there are questions about the grades, the teacher or teachers involved should be contacted.
2. Parent-teacher conferences are held three times each year. Interim reports may be requested by the faculty or parents/guardians.
3. Progress reports for those who are failing a course will be issued by individual teacher's midway through each grading period. Interim reports must be signed by the parent/guardian and returned to the teacher. Following the end of the first semester, parents/guardians of students who are in danger of failing for the term in any course or courses are notified by letter from the guidance department.
4. Grades used at the secondary school are
 - A** Excellent (90-100)
 - B** Good (80-89)
 - C** Average (70-79)
 - D** Poor (60-69)
 - F** Failing (0-59)
 - I** Incomplete
5. Information on other factors of grading will be provided by individual classroom teachers.

BUS STUDENTS

If a student is transported by school bus, he/she must ride the bus assigned. The bus driver is in complete charge of the bus and its passengers and is required to assign seats. This is no different from the teacher. Behavior on the bus is to be what is expected of a student in a classroom and the Student Conduct Code applies. Discipline problems on the bus will be handled as discipline problems in school. **Note:** Buses may be equipped with video cameras; videotape could be used for disciplinary purposes. Violation of the conduct code may result in loss of riding privileges and include other penalties.

Student safety instruction policies include:

- Students shall arrive at the bus stop before the bus is scheduled to arrive.
- Students must wait in a location clear of traffic and away from the bus stop.
- Behavior at the school bus stop must not threaten the life, limb or property of any individual.
- Students must go directly to an available or assigned seat so the bus may safely resume motion.
- Students must remain seated keeping aisles and exits clear.
- Students must observe classroom conduct and obey the driver promptly and respectfully.
- Students must not use profane language.
- Students must refrain from eating and drinking on the bus except as required for medical reasons.
- Students must not use tobacco on the bus.
- Students must not have alcohol or drugs in their possession on the bus except for prescription medication required for a student.
- Students must not throw or pass objects on, from or into the bus.
- Students may carry on the bus only objects that can be held in their laps.
- Students must leave or board the bus at locations to which they have been assigned unless parental and administrative authorization to do otherwise. (See paragraph below.)
- Students must not put their head or arms out of bus windows.

The State of Ohio requires that the following bus rules be followed.

- Go directly to your assigned seat and remain seated.
- Obey the driver promptly and respectfully.
- Keep aisles and exits clear
- Carry on objects must be held in your lap.
- Keep hands, feet and objects to yourself.
- Never throw anything inside the bus or out of the windows.
- Never put your head, arms or legs out of the bus window.
- No profane or bad language.
- No eating or drinking.
- Do not damage seats or other property.

To ride a bus other than the one assigned, both students must have a written note from parents/guardians. Notes must be turned in to the main office before the start of the school day; bus passes will be ready for pick up during lunch periods. Notes must include bus number, destination and the reason for the request. Verbal requests and requests after school starts are not accepted unless designated by an administrator.

VIDEO TAPES

The Board of Education has installed video cameras on school buses to monitor student behavior. If a student misbehaves on a bus and his/her actions are recorded on videotape, the tape will be submitted to the principal and may be used as evidence of misbehavior.

CELL PHONE, COMMUNICATION DEVICE(S) POLICY

We believe that having cell phones and any other device used as a communication tool, picture taking or video recording.(i.e. smart watches being used to send texts or messages) put away in locked lockers, so the device is physically off of the students, is the best practice. **Students may have them out in the morning before homeroom and after the dismissal bell at 2:05 PM. When the homeroom tardy bell rings at 7:22 AM, they must be off and in lockers until the end of the day.** If a student is late to school, they should (1) Go to the office for a tardy slip; (2). Go to their locker to place a cell phone/communication device; (3). Go to class and give the teacher their tardy slip.

We wholeheartedly understand that cell phones have become a vital part of parent and child communication during the school day. We realize this is the number one concern voiced by students and parents, therefore we created a well-organized and timely system for children and parents to communicate via school protocol. Students will be permitted to call a parent or guardian during non-academic class periods (i.e. lunch and study hall or before homeroom) using the landline phone in the office. (**NOTE: Students are responsible for having the phone number(s) of the parent/guardian they are calling.**) If there's an emergency, students will be permitted to call from the office phone or from the nurse's clinic. If a parent or guardian needs to relay any information or has an emergency, they may call the office at 440-998-0550. The message will be delivered to the student and the student will be permitted to call a parent or guardian back as needed based on the individual situation.

BOTH parents/guardians AND students must complete the area in FinalForms titled “Braden Middle School Student Handbook” by Friday, September 16, 2022. The updated version of the Student Handbook is uploaded into FinalForms to read prior to completing the form. To avoid miscommunication, please make sure you and your child have read the Student Handbook that includes the new cell phone policy and violation consequences. The handbook was updated on August 17, 2022. We wish to share school policies with our Braden family in advance to avoid misunderstandings in the future.

CELL PHONE/COMMUNICATION DEVICE(S) CONSEQUENCE POLICY

If the phone/communication device is seen anytime after the 7:22 AM tardy bell or before the 2:05 PM dismissal bell it is immediately confiscated, put in an envelope, and sent to the office. The staff member who confiscates the cell phone will place the device in the envelope, labeled with student name, teacher name, location of the confiscation, date/time of confiscation and sent to the office. Teachers will not be responsible for holding confiscated devices or issuing consequences. The Principal, Assistant Principal, Climate & Culture Coordinator, Student Success Coordinator or School Resource Officer will handle disciplinary measures related to cell phone policy violations.

1st Time Violation: The cell phone is held in the office in an envelope until the end of the day in the office. The student may retrieve their cell phone after 2:05 pm until 3:15 pm.

2nd Time Violation: The cell phone is held in the office in an envelope until the parent/guardian can arrange pick up after 2:05 PM and before 3:30 PM. If a parent/guardian cannot make it before 3:30 PM the day of confiscation, they may pick it up the next day starting at 7:00 AM.

3rd Time Violation: The student receives a district issued Minor Behavior Referral recorded in his/her behavior record. The cell phone is held in the office in an envelope until the parent/guardian can arrange pick up after 2:05 PM and before 3:30 PM. If a parent/guardian cannot make it before 3:30 PM the day of confiscation, they may pick it up the next day starting at 7:00 AM.

4th Time Violation: The student receives a district issued Major Behavior Referral recorded in his/her behavior record. The student is suspended from having a cell phone on Braden Middle School property for a period of 30 days. If during this 30 day suspension period a student has a cell phone/smartwatch on Braden Middle School property, they will receive an automatic Saturday school, mandatory parent/guardian meeting with administration (cell phone returned at meeting), and suspended from having a cell phone/smartwatch on property for 60 additional days.

5th Time Violation: The student receives another district issued Major Behavior Referral recorded in his/her behavior record. The student is not permitted to have a cell phone on Braden Middle School property for the remainder of the academic year. At this point, if another violation is made, administration may choose at will a consequence of school suspension, in school suspension, suspend rights to attend non-academic school events/rewards, or Saturday school. Parents/Guardians must attend a mandatory meeting with school administration to retrieve the cell phone.

BUCKEYE LOCAL SCHOOLS CODE OF CONDUCT

The maintenance of school discipline and proper behavior is essential to the establishment of a proper learning environment. All employees as well as all students are responsible for good discipline within the school setting. A breach of discipline is any conduct of pupils which substantially and materially interferes with the educational environment. Acts

of behavior that tend to conflict with the education programs which are hostile to the welfare of other students, the staff and/or the system cannot be tolerated. School authorities cannot accept liability and responsibility for student health, safety and welfare unless the student conforms to the specified standards of good conduct.

In order to maintain the proper learning environment for all students, when a student is found to be in violation of this Buckeye Local Schools Code of Conduct, it shall be considered a serious breach of accepted behavior and disciplinary action will be taken. Unless otherwise noted in the individual section, this code shall be applicable on school grounds at all times or off school grounds during a school-sponsored activity, on any school sponsored trip and at any other time when the student is subject to the authority of the school.

Students who engage in acts that repeatedly violate this code will be subject to more severe consequences for subsequent violations. The school district shall be entitled to maintain records of each student's misconduct and consider such records in arriving at the type of severity of punishment for a violation of this code.

STUDENTS RIGHTS AND RESPONSIBILITIES

Purpose: So that the student body has a frame of reference upon which reasonable conduct can be based, certain rules are considered necessary. Occasionally a small minority may react adversely to the question of rules in a free society, but it is commonly accepted by the overwhelming majority that regulations are in fact established to promote the general welfare of the people. Most students conduct themselves admirably, in a manner creditable to the family. Unfortunately, we are all aware that student behavior is not always a credit to the family, to the schools, nor to other pupils, and it is in the interest of promoting the safety, health and general well-being of the student body that we feel the need to develop a "code of conduct." This code of conduct is in effect on school property, at school functions, and on buses transporting students to and from school and school functions.

1. **The Right to Attend School:** Article VI, Section 3 of the Ohio Constitution provides for the establishment and maintenance of a comprehensive public school system. The Ohio Public Schools System is currently divided into over 600 school districts, one of which is the Buckeye Local School District. By law, all residents between the ages of six and twenty-one in any of these districts are entitled to the enjoyment of all educational opportunities provided by the Ohio Public School System. Along with the right to equality of educational opportunity, each student in the Ohio Public School System has a related responsibility to act in such a way as to not interfere with the rights of others to the same opportunity. Reasonable and necessary order in the school is essential to the continuation of equal educational opportunities.

A student may forfeit his/her right to educational opportunities if his/her conduct is such that it substantially disrupts the educational process and deprives others of their rights.

2. **The Right to Student Participation:** Students shall be encouraged to form and participate in a variety of extracurricular organizations as a means of broadening their educational experiences. These activities are considered an extension of the school day, and as such, all regular school rules shall be observed. It is a student's privilege to participate in or attend these activities; therefore, one must accept the responsibility of abiding by all school rules when he/she does participate in or attend such an activity.

3. **The Right to Participate in School Government:** One of the most obvious and practical ways to expose students to and to instruct them in the principles of sound citizenship is to involve them in the practical daily governance of the school itself. Such involvement would, of course, remain contingent upon the age, maturity and demonstrated ability of students to function as participants in school government.

4. **The Right to Confidentiality:** Under Ohio law, school authorities are required to maintain many kinds of records. These include the student's name, birth date, age, place of residence, names of parents, date of entry and withdrawal, attendance, courses taken and quality of work done. School authorities, therefore, in the valid exercise of their duties, often collect and store confidential types of information which, if placed in the wrong hands or kept out of the right hands, may do harm to the students. Administrators, therefore, assume an obligation to protect students in this regard. In compliance with the Federal Family Rights and Privacy Act of 1974, and the board-adopted policy on student records, school officials will not release any information to persons or agencies not officially connected with the school itself without prior written consent of the parents or the student if he/she is 18. The law provides some exceptions to the practice. Directory information may be released without permission in certain instances except when individual parents specifically request that this information not be released regarding their child.

5. **The Right to Due Process:** It is generally accepted today that students are entitled to due process when they are subjected to major disciplinary action. Due process in the context of administrative proceedings carried out by the school authorities does not mean that the procedures used by courts in juvenile proceedings must be followed exactly by school authorities when engaged in disciplinary proceedings. It does mean that clear, definite and fundamentally fair rules of procedure must govern disciplinary action taken by the school authorities. Such a procedure is necessary to guarantee that a student will not be deprived of such a fundamentally important thing as school attendance without substantial and just cause. To ensure that the student receives due process, the disciplinary codes which students are expected to follow as part of their responsibility in response to the rights enumerated above, as well as the disciplinary actions followed by school personnel, are outlined in subsequent portions of this document.

6. **The Right to Shared Responsibilities:** The conduct of students in school and at school activities is a joint responsibility of the student, the parent and the school. The school will make and enforce rules and regulations concerning the conduct of students at officially sanctioned school activities off school grounds. Parents should accept full responsibility for the conduct of their children once the children are outside the scope of authority of school officials.

Students shall accept full responsibility for their conduct at all times and ALL students, adult and minor, shall abide by the rules and regulations defined in the student handbook for each building.

ADMINISTRATIVE ACTIONS

1. **Administrative Conference:** An informational meeting is held between the student and administrator to determine the facts involved in a situation. The administrator may issue a verbal warning with or without formal notification to the parent(s).
2. **Detention:** An after school detention requires at least a 24-hour notice provided to parents. Transportation is the responsibility of the parent(s). Detentions will be served from 2:05-3:00 in the Library.
3. **Saturday School:** A 3-hour session is held on Saturday morning from 9:00 a.m. to noon at Braden High School for grades 4 - 12. Students are responsible for their own transportation and must comply with all of the Saturday school rules (given to the student when the Saturday school is issued) to avoid being suspended. If a student fails to attend the Saturday school, a suspension could be issued.
4. **In-School Discipline:** The principal, assistant principal and other designated administrators may assign a student to In-School Discipline for disciplinary reasons outlined in the Buckeye Local Schools Code of Conduct. Students will be supervised by a Braden staff member and students will complete their daily assignments in the In-School Discipline classroom under adult supervision. No period of In-School Discipline will be for more than 5 school days.
5. **Out-of-School Suspension:** The superintendent, principal, assistant principal and other designated administrators may suspend a student from school for disciplinary reasons outlined in the Buckeye Local Schools Code of Conduct. No period of suspension is for more than 10 school days. Suspensions may extend beyond the current school year if, at the time a suspension is imposed, fewer than 10 days remain in the school year. The superintendent may apply any or all of the period of suspension to the following year.
6. **Emergency Removal of a Student:** If at any time an administrator feels that a student is behaving in a way that creates or has the potential to create a clear and present danger to himself or another person, or significantly disrupts the educational process, the administrator may have the student removed from the building. The student will be released to the custody of the parent, guardian or an officer of the law. The parent will be notified by phone or in writing within 24 hours of the removal.
7. **Court Referral:** School officials file a formal legal complaint with the appropriate court (juvenile or civil). This may be combined with suspension or expulsion; parents are notified by the court.
8. **Expulsion:** This is a formal exclusion from school, school activities and school property for an extended period of time. The expulsion is issued by the superintendent upon the recommendation of a school administrator. Parents are notified of an expulsion in writing.

Appeal Process: Should a student or a student's parent(s) choose to appeal an out of school suspension, he/she must do so in writing to the superintendent within 5 days of the notice of suspension. The procedure for such is provided in regulations approved by the Board of Education in Policy 5611. The student may be excluded from school during the appeal process. Notice of an expulsion appeal must be filed with the treasurer within 14 calendar days of the notice of expulsion.

Using an electronic device to capture, record and/or transmit audio and/or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted. Students who violate this provision and/or use an electronic device to violate the privacy rights of another person may have their devices confiscated and held and may be directed to delete the audio and/or pictures/video file while the parent/guardian is present.
